Remarks

***Actions which are directed to be taken are not all that may be required of the kennel operator to come into compliance.
The kennel operator is responsible for taking any and all actions necessary to come into compliance.***

The inspection of the kennel took place on December 13, 2021. There were 124 dogs on the premises and 48 dogs listed in rescue kennel network homes at the time of this inspection. The 2021 kennel license was viewed. The inspection was performed with Dr. Danielle Ward.

The inspection of December 13, 2021 is as follows:

207(b) / 21.29(c) - Housekeeping/Pests:

Warden observed evidence of rodents in the wall air vents. All other previous evidence of rodents has improved and the kennel is working with a contracted pest company to continue progress.

This warden directs that the kennel operator take the following action(s):

The buildings and grounds of kennels shall be maintained, kept clean and in good repair to protect the animal from injury and to facilitate practices required by this chapter. Kennels shall have an effective program that controls ingress by insects, ectoparasites and avian and mammalian pests. Evidence of insects, ectoparasites and avian and mammalian pests or conditions that would allow or encourage infestation in a kennel are indicative of an ineffective program and unsanitary environmental sanitation in the kennel.

207(c) / 21.41(a) - Records Kept:

Warden did not receive complete kennel records for the dogs on the premises during the inspection and due to covid hitting the shelter was not able to obtain these records via email in a timely manner.

This warden directs that the kennel operator take the following action(s):

Complete records shall be kept on dogs within a kennel or being transported in a primary conveyance as prescribed by section 207 of the act (3 P. S. § 459-207), and the records shall be kept at the kennel location or, when applicable, shall accompany dogs being transported.

Every keeper of a kennel shall keep, for two years, a record of each dog at any time kept in the kennel. Such record shall show:

- (1) The breed, color, markings, sex and age of each dog.
 - (2) The date on which each dog entered the kennel.
 - (3) The full name and physical address at the time the dogs were received of the previous owner or kennel from whom the dog was received. This paragraph shall not apply to a boarding kennel.
 - (4) The full name and physical address of the person or kennel to whom the dog belongs.
 - (5) For what purpose each dog is kept in the kennel.
 - (6) The date on which each dog leaves the kennel.
 - (7) How the dog is dispensed. If the dog was transferred to another person or kennel, the record must state the full name and physical address of the person or kennel to whom the dog was dispensed.
 - (8) The name, address and telephone number of the licensed doctor of veterinary medicine used by the kennel.
- Such record shall be legible and shall be open to inspection and may be copied by any employee of the department, State dog warden or police officer as defined by this act.

*A follow-up inspection will take place at a later date and time.
