Remarks

***Actions which are directed to be taken are not all that may be required of the kennel operator to come into compliance.
The kennel operator is responsible for taking any and all actions necessary to come into compliance.***

The inspection of the kennel took place on November 29, 2022. There were 94 dogs located on the premises at the time of this inspection. The 2022 kennel license was viewed.

The inspection of November 29, 2022 is as follows:

21.30:

Warden and Dog Law Veterinarian viewed a dog on the premises that was severely matted and had been on the premises for at least 10 days.

This warden directs that the kennel operator take the following action(s):

An employee of the Department may visually observe the physical condition of a dog sheltered at a kennel. A dog sheltered at a kennel shall be free of infectious and contagious diseases, and shall be in general good health. If a dog exhibits signs of poor health, the kennel owner shall have proof of adequate veterinary care for the dog.

A cruelty referral was made to the PSPCA based on these observations.

402(d):

402(d):

A veterinary examination was ordered on a dog under section 402(a) based on warden's observations of the condition of dogs during inspection. Kennel is in compliance with section 402(d) because veterinary examination was completed within the 72 hour time frame.

**A follow-up inspection will take place at a later date and time.
